III. Log in and populate your PayPal credentials into your profile, per below:

PayPal Credentials: Click ‘Get Credentials from PayPal’ and copy, paste them into the three fields per below of Username, Password and Signature. Once copied into the fields, the fields will show as blank – this is a security measure. Also drop your linked PayPal Email into its field. Then click Update.

<button>UPDATE</button>	

PayPal Credentials: When merchant clicks ‘Get Credentials from PayPal’ they will be taken to PayPal, per below screen shot. You then simply login and copy, paste from within PayPal into the three fields per Username, Password and Signature.

When details are pasted into their fields, click “Test Validity of Live PayPal credentials”. This will simply check that they have been copied in correctly from PayPal.

IV. Click on ‘Shopify Configuration’ tab and populate three fields in “Shopify Configuration” tab. They are:

Minimum Deposit Amount – 10% or 20%

Maximum Deposit Amount – 50%

Maximum Number of Months to pay – Maximum is 6 months, but merchant can decide to only offer customers a maximum of 2 or 3 months to pay off the balance

V. Merchant then clicks UPDATE.

These are your installed apps.

PUT IT ON LAY-BUY

By Lay-Buy Financial Solutions Pty Ltd

II. After installation, merchant can open the “PUT IT ON LAY-BUY” App by clicking on “Apps” in shop’s admin menu. When merchant goes into the App, they may have to sometimes log back in using their Lay-Buy registration details.

The PUT IT ON LAY-BUY App enables merchants to view all their Lay-Buy orders, track all the monthly instalment payments for every order and also revise a payment plan for any order.
