1. Download “PUT IT ON LAY-BUY (powered by PayPal)”
2. Register at <https://lay-buys.com/> as merchant
3. Installing “Lay-Buys Payment Gateway Extension for Prestashop”

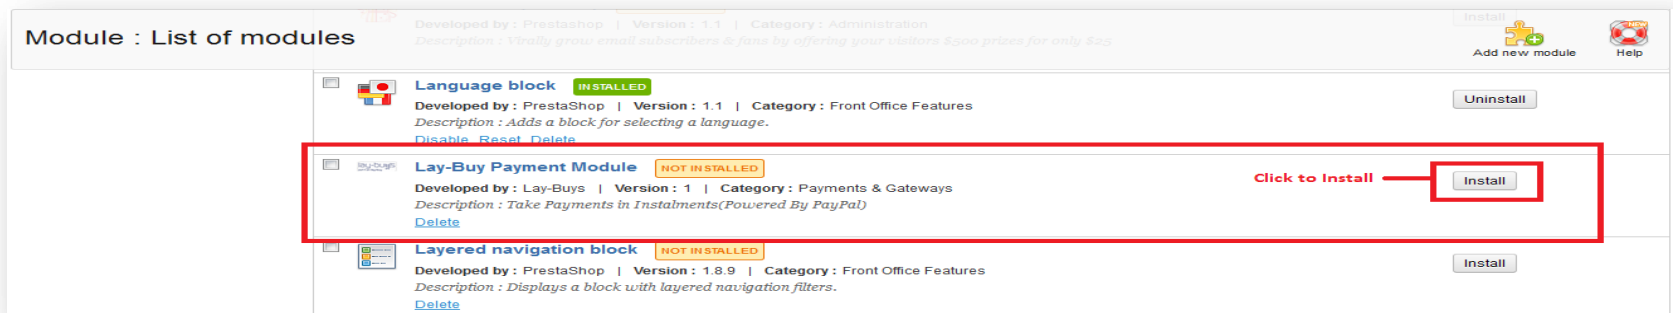

- Download the latest package from [Prestashop- Extensions Market](#)

- Sign-up on <https://lay-buys.com/vtmob/register.php>
- Then fill your PayPal credentials (see account page)

User Guide: Lay-Buys Payment Gateway Extension for Prestashop

Step 3: Installing “PUT IT ON LAY-BUY (powered by PayPal)”

- Upload “laybuypayment” folders from the "PUT IT ON LAY-BUY (powered by PayPal)" folder to your server under the modules . This can be parallel to "admin" and "classes" folders.
e.g. /public_html/store or /public_html
- Now go through admin panel and install the extension
 - Step 1 - Go through menu "Modules".
 - Step 2 – You will see a list of all the modules present in your store among those you have to find the module “Lay-Buy Payment Module” .
 - Step 3 - Then Click on “Install” button to start the installation. When installation is complete you will get a success message.

Click on the “Configure” link in the in Lay-buys Payment module row to manage the payment method settings.

At Checkout Page in Prestashop Front-end:

Payment Method Step

Lay-Buys Payment method is appear in checkout step when a buyer checkout the order.

When a customer choose “PUT IT LAY-BUY powered by PayPal” payment method as their payment option in payment step under checkout page, then customer have to choose the instalment plan for his/her payment by choosing some down payment percentage and choose months for creating instalment payment for 1,2 or 3 months at “Confirm Order” step.

3 Choose your payment method

 PAY BY CHEQUE (ORDER PROCESS WILL BE LONGER)

 PAY BY BANK WIRE (ORDER PROCESS WILL BE LONGER)

 PUT IT ON LAY-BUY powered by PayPal

PUT IT ON LAY-BUY powered by PayPal

Lay-Buy is an affordable payment plan option that allows you to pay-off a product or service via one down payment, with the balance paid over 1, 2 or 3 monthly instalments. Your purchase is delivered to you after the final instalment payment is completed.

Confirm Order Step

🏠 > Lay-Buy Payment Plan

Plan Review

Grand Total: \$ 1

Initial Payment * : Months to Pay * :

PAYMENT	DUE DATE	AMOUNT
Down Payment	Today	\$ 0.19
1	02/25/2014	\$ 0.27
2	03/25/2014	\$ 0.27
3	04/25/2014	\$ 0.27

* Your goods/services will be delivered once your final payment has been received

Here customer can choose any plan for payment by choosing Initial Downpayment percentage and Months for next instalments. On successful payment a Order confirmation page will appear.

4. Lay-Buys Instalment Reports

Lay-Buys Instalment Reports are the transaction reports which contain all the information related to Lay-Buys detail, PayPal transaction detail, customer detail, order detail and instalment detail. When a customer choose Lay-Buys payment option as their payment method in payment step under checkout page, then customer have to choose the instalment plan for his/her payment by paying some down payment and create instalment payment for 1,2 or 3 months.

So every transaction will stored in Prestashop website and can be managed form a panel called “Lay-Buys Instalment Reports”.

Please go to admin panel -> Stats -> Lay-Buy Instalment Report to manage the instalment reports.

Column-wise description:

- **Created At** is a date time field and store the created date of transaction.
- **Order#** is the order id related with the transaction.
- **Amount** is the grand total of order.
- **Down Payment %** is the percentage of down payment.
- **Months** is the total no of instalment cycles.
- **Downpayment Amount** is the down payment amount (calculated from down payment %) paid at time of order placing.
- **Instalment Amounts** is the next instalments amount.
- **First Payment Due** is the date of first payment.
- **Last Payment Due** is the date of last payment.
- **Status** is the status of transaction. It may be Pending/Completed/Cancelled/Revised Request/Revised

When a transaction have pending instalments then its status will be “Pending” , if transaction have no pending instalments means all instalments get paid then its status will be “Completed”. If transaction is cancelled due to some reason then its status will be “Canceled”.

Admin can revise the instalment scheme by sending a request mail to buyers, so when a transaction is just requested then its status will be “Revise Request” when buyers accept and process the transaction then its old transaction get a status that is “Revised” and a new transaction row will appeared for same order with a status “Completed/Pending”.

Fetch Updates is the functionality for fetching the latest report of instalments from <http://lay-buys.com>.

At “Lay-Buy Instalment Reports” panel, there is a button at top-right corner named as “Fetch Updates”.

Fetch Updated send a request for all transactions which have Pending status.

On success there will be a success message appeared with total fetched count at message area as:

 There is no new Transaction.

Note: Only a Pending Transaction can be revised.

The Revise form contains some information as editable and some of them read-only. Reference Information don't need to be edit so that these fields are read-only and these fields are used for reference on revising process.

Total Amount is the amount available for revising process, generally it is calculated by formula

$$\text{Total Amount} = \text{Grand Total of order} - \text{Total Paid Amounts}$$

Where, $\text{Total Paid Amounts} = \text{Down Payment} + (\text{no of completed instalment} * \text{Payment Amounts})$

Payment Type is the method of next payment. It may be Lay-Buy or Buy-Now.

- **Lay-Buy:** It create a new recurring profile for balance amounts. And cancel the current profile.
- **Buy-Now:** It's the method of paying all the balance amount at one time without any instalment plan. So when customer want to pay all the balance amount in one time then admin can choose this method for current customer.

Initial Payment* is the down payment percentage for new plan.

Months to Pay * is the no of instalment cycles for new plan.

Preview* is the preview of your plan depend upon Initial Payment and Months to Pay fields.

Email (*read only*) is the email of customer. It must be same throughout the Prestashop, Lay-Buys and PayPal. And it is a important key for identify the customer data on Lay-Buys and PayPal so it can't be changed from here.

*visible on "Lay-Buy" option, if "Buy-Now" will choose these fields get disappeared because in Buy-Now is the one time payment method so no need of instalment information.

After choosing new plan click on “Save and Send Email to Buyer” button for submit the request and send a mail to the customer’s email. Also current transaction status become “Revise Requested” . After success a message will appear with message “Request was saved and email sent to <customer_email> for order<order_id>”.

According to “Payment-Type” the processing of revising will works.

Progress for “Lay-Buy” Method:

- **Email Structure:** see example format

Lay-Buy Financial Solutions Pty Ltd
15 Corowa Court
Eatons Hill Queensland 4037

have requested that you authorize the following transaction

LAY-BUYS PAYMENT PLAN - 0.56 USD per month for 2 months

Transaction Total : 1.60 USD
Applicable currency is **American Dollar**

Down-Payment : **0.48**
Repayments : **0.56 (x2)**

To complete this transaction with your PayPal account or credit card,
[PLEASE CLICK HERE](#)

There are five kind of transaction statuses as:

1. Pending,
2. Completed,
3. Cancelled,
4. Revise Requested, and
5. Revised.

Pending when there is at least one instalment is pending or revise by Lay-Buy method.

Completed when all the instalment get paid or revise by Buy-Now method.

Cancelled when instalment not paid at right time or manually cancel by admin as “Cancel Transaction”.

Revise Requested when a transaction get just revise not completed by customer.

Revised when customer respond for Revise Request transaction then old transaction become Revised.

Thank you!
